SAGE 200 EVOLUTION – BUSINESS PARTNERS

AHH in conjunction with IBS, provides a professional experience in project managing new or existing Sage 200 Evolution systems. After assessing that current operational systems are customised, the result is a unique experience, providing vital information to run your business optimally.

We are authorised Sage 200 Evolution Business Partners for Sage Pastel through AHH Financial Services, all forming part of the IBS Group. We sell and support Sage Pastel software packages (focusing on Sage 200 Evolution) and install, set up and provide training.

Our team of professional consultants develop professional reports, extracting data from Sage 200 Evolution to limit manual re-capturing of Daily, Weekly or Monthly Reports, produced in Excel (using the BIC (Sage Intelligence Reporting) module).

Our Vision

To assist our clients and educate them with knowledge of our services, equipping them to make informed decisions and adding value to their business.

Our Mission

To deliver a superior Sage 200 Evolution product experience, based on honesty, dedication, loyalty, knowledge and trustworthiness. Our commitment and service add value to our clients' businesses.

ABOUT US

IBS Conference and Training Centre (Pty) Ltd. is a proud sister company to AHH Financial Services and is an authorised Sage 200 Evolution business partner. With extensive experience, our Managing Director André Hasse, has realised that one hand cannot operate without the other and that is how we expanded into who we are.

Our group of companies form an Integrated Business Solution. Our Software, IT and Accounting Practice place us as forerunners to provide turn key solutions.

PRODUCTS

Sage 200 Evolution

Get back to basics with smart and cost-effective software for big businesses. Sage 200 Evolution provides an integrated, accurate overview of business. It manages all business-operational aspects, enabling you to control financials and relationships with your customers, suppliers, and employees. Developed within the Sage 200 Evolution Framework, all components and modules are fully integrated. They share a common interface, providing a consistent user-experience.

Data integrity is assured with Microsoft® SQL Server, with all data being secured in a central database. As a core management system, Sage 200 Evolution is feature-rich and its add-on modules make it a truly revolutionary Business Management Solution.

Sage 200 Evolution Accounting and all modules within the Sage 200 Evolution range are subject to an annual renewal fee. This business model provides you with numerous important benefits including: updates and upgrades, and first-line telephonic and e-mail support. The renewal is payable on the anniversary of software registration. It allows peace of mind that you will always have backup service, support and expertise.

Sage 100 Evolution

Sage 100 Evolution delivers a VAT compliant business management solution. The latest work technique!

Sage 100 Evolution manages all operational aspects of your business. It enables control over financials, as well as relationships with customers, suppliers, and employees. Developed within the Sage 100 Evolution Framework, all components and modules are fully integrated. Sharing a common interface, they provide a consistent user experience.

Draftworx™

A fully-integrated, compliant, automated drafting and working paper suite, designed to alleviate problems identified in current drafting, working paper and audit software.

Sage 300 People™

A SQL-based payroll provides a safe secure database. Sage 300 People is the solution for small to large businesses. An all-in-one system. HR, payroll and ESS which is simple to use, with powerful tools to simplify your pay run.

IMPLEMENTATION & SUPPORT

Maintenance SLA

We believe in partnerships where both parties are committed to the integrity of the system. Our SLA provides peace of mind for staff to obtain advice from other staff, familiar with their personal environments.

Project Management

All Projects are overseen by Management and Directors to dynamically adapt implementation, with the least disruption to the client and staff, achieving outstanding results.

Implementations

Years of experience and tools help us to go the extra mile for clients, delivering simplified, stream-lined implementations.

Operations Analysis

Financially-focused and attention to detail, enhances our ability to analyse systems and conduct security checks to ensure accurate, accountable reporting.
